Presentation Outline

1. Opening Idea

- Many people see trading as numbers moving on a screen.
- Behind every price movement is a human decision.
- Day trading is not simple buying and selling; it is a decision system.

2. What Is Day Trading?

- Buying and selling financial instruments within a short time period, often within the same day.
- It combines market analysis, timing decisions, risk management, emotional control, and process discipline.

3. Why Market Understanding Matters

- Financial markets affect businesses, economies, retirement systems, and personal wealth

decisions.

- Understanding markets builds financial literacy.
