QRU Printable

Treasure Standard™

How to Use This Resource

- Print at 100% (do not 'fit to page') for exact sizing.
- Use quality paper for best results.
- For classroom or personal use as licensed.
- Every page is verified against the QRU Treasure Standard™.

IDENTITY ANATOMY™

HUMAN INTELLIGENCE vs AI INTELLIGENCE

TWO FORMS OF INTELLIGENCE. ONE PURPOSE: INCREASE HUMAN CAPABILITY.

HUMAN INTELLIGENCE™

Biological. Experiential. Emotional.

THE BRAIN

Thoughts. Imagination.
Reasoning. Awareness.
Creates ideas and
makes sense of
experiences.

THE HEART

Emotions. Values.
Purpose. Compassion.
Provides meaning,
motivation and
connection.

THE LUNGS

Breath. Life Force.
Energy Regulation.
Sustains the body
to keep moving
forward.

THE STOMACH

Instincts. Gut Feelings.
Intuition. Reactions.
Processes experience
and responds.

THE MUSCLES

Action. Strength.
Habits. Discipline.
Turns thoughts and
decisions into
movement.

THE HANDS

Creation. Expression.
Service. Connection.
Builds, helps, creates
and communicates
physically.

THE NERVOUS SYSTEM

Signals. Sensations.
Communication.
Connects every part
of the body.

THE SKELETON

Structure. Support.
Protection. Stability.
Provides the
framework that
holds everything
together.

THE FEET

Movement. Direction.
Grounding. Progress.
Carries the body
toward the future.

AI INTELLIGENCE™

Digital. Computed. Pattern-Based.

THE PROCESSOR (LLM CORE)

Calculates. Predicts.
Recognizes Patterns.
Processes input and
generates outputs.

THE KNOWLEDGE BASE

Data. Information.
Training. Context.
Stores vast amounts
of learned content.

THE CONTEXT WINDOW

Attention. Focus.
Relevance Filtering.
Determines what
information is
active now.

THE REASONING ENGINE

Logic. Rules. Inference.
Planning. Analysis.
Processes and organizes
information.

THE TOOLKIT

APIs. Plugins. Functions.
Capabilities. Actions.
Extends abilities
beyond core model.

THE OUTPUT SYSTEM

Responses. Suggestions.
Explanations. Content.
Communicates and
delivers value.

THE NETWORK LAYER

Connections. Data Flow.
Access. Retrieval.
Links to external
systems and data.

THE SAFETY LAYER

Guardrails. Filters.
Ethics. Boundaries.
Protects and ensures
responsible use.

THE INFRASTRUCTURE

Servers. Storage.
Compute Power.
Provides the foundation
that supports
everything.

SHARED PURPOSE

To understand, to help,
to solve problems,
to create, to grow,
to make a positive impact.

KEY INSIGHT

Humans bring experience, emotion, creativity and wisdom.
AI brings speed, scale, consistency and pattern recognition.
Together, we create Collaborative Intelligence
that amplifies human potential.

THE FOUNDATION STONE

Identity gives every capability its proper place.
When identity is clear, every other capability can function with alignment,
purpose, and strength.
