QRU Factory Acceptance Test - Understanding Sleep and Rest

Topic: Why do humans need sleep, and can rest replace it?

Length: ~90 seconds

Format: Educational short video with narration, visuals, and on-screen text

Tone: Warm, clear, trustworthy, practical

Scene 1 - Opening Hook: "Is Rest Enough?"

Time: 0:00-0:08

Visuals:

A tired adult sits at a desk late at night, rubbing their eyes. Cut to the same person lying on a couch during the day with eyes closed, trying to "rest."

Narration:

"Have you ever wondered: if I rest during the day, can that replace a bad night of sleep?"

On-Screen Text:

Can rest replace sleep?

Scene 2 - The Core Answer

Time: 0:08-0:18

Visuals:

Split screen: one side shows a person calmly resting in a chair; the other shows a person asleep in a dark, quiet bedroom. Gentle animation highlights the brain, heart, immune system, and muscles during sleep.

Narration:

"Rest helps reduce physical or mental strain. But sleep is different. Sleep is a biologically essential process that supports the brain, body, and emotions."

On-Screen Text:

Rest reduces strain.

Sleep restores systems.
